

Just One Application and the Hairs Vanish

(Modes of Today)
A harmless, yet very effective treatment is here given for the quick removal of hairy growths. Mix enough powdered delatone and water to cover the undesirable hairs, apply paste and after 2 or 3 minutes remove, wash the skin and the hairs have vanished. One application usually is sufficient, but to be certain of results, buy the delatone in an original package.—Adv.

Insure yourself against the strain of city life

You should insure yourself against the daily jolts and jars that tend to break down your health.

Leather heel wearers get 8,000 jars a day.

O'Sullivan's Heels of New Live Rubber save your spine from the jolts and jars you get from city pavements.

When you buy your new shoes, buy them O'Sullivanized.

Insist on O'Sullivanized shoes; the new live rubber heels give the greatest wear with the greatest resiliency.

25 YEARS AGO IN TOPEKA

From the columns of
THE TOPEKA STATE JOURNAL

October 19, 1891.

The Rev. R. Wake has gone to Chicago.

Prof. Craven will give a musical recital tomorrow night in his studio in the Yeale block, on Quincy street. Musical people are invited.

Fifteen of the Sells circus employees were arrested today for stealing a box of cut-

lery, while in Smith Center. The cutlery was distributed among the employees. Skippy, a man employed as Will Sells' valet, says that he has made arrangements to turn state's evidence.

The lantern parade of the Topeka Cycling club which took place last evening was novel and called many people from their homes to witness the brilliant spectacle. The procession comprised about 100 wheels. The various evolutions of the wheels as they described a serpentine course made a very pleasing effect. Capt. J. M. Miller's Columbia was covered with lanterns. Lieut. G. S. Townsend, one of the most expert riders in the west, who has just returned from the races at Parsons, Kansas, looked imposing under his burnished helmet. Tied, Vogel besides the attractive decorations on his wheel carried a Japanese umbrella. Mr. Dudley's star was much admired for its unique and ingenious design. Joslin's silver ornaments, also the elaborate decorations of the wheels of Mr. John E. Winn, the genial Columbia agent, Mr. H. Weingartner, President W. C. F. Reichenbach, R. H. Gaw and Mr. Wm. Taylor, were dazzling and added much to the beauty of the parade.

Topeka laid seventeen miles of sidewalk this year.

The most important political discussion, perhaps, that has been held in Kansas in this campaign occurred at the Grange opera house last night. United States Senator Peffer and J. R. Burton met in debate. They had a magnificent audience. Mr. Burton took Scott's work on the subcommittee and quoted from a paragraph in which it said that the "wile schemes of the Alliance have been concealed from the law makers and have been revealed to the farmer." He had supposed that revelation belonged to religion. His revelation in politics had never heard before. He then said: "I would like to ask the senator a few questions. First—Are you in favor of a tariff for protection or for revenue only? Second—Are you in favor of the annexation of this? Third—Are you in favor of government ownership of the railroads?"

Mr. Peffer introduced Senator Peffer as "our senator, and the George Washington of the age."

The senator said in closing, "When the People's Party gets into power it will stop this taking away of the people's money and putting it into the hands of the rich."

I. C. C. Confirms Increased Rate.
Washington, Oct. 19.—Proposed 10-cent increases on the present 40 cents per hundred pounds rate on lumber and other similar rates commodities from California to Texas and New Mexico via the El Paso and Southern western were found reasonable by the interstate commerce commission today.

Krumbles is a strengthening winter cereal because of the richness of the Durum wheat.

FOUNDED FIFTY YEARS AGO.
Nine Mile Lodge at Lansing Celebrates Anniversary of Organization.
Leavenworth, Kan., Oct. 19.—The fiftieth anniversary celebration of the founding of Nine Mile Masonic Lodge No. 49 of Lansing was everything that was planned for it. The members of the lodge were congratulated by the hundreds of Masons who were present on the success of the celebration and the prosperity of the lodge. Nine Mile has put on many entertainments of one kind or another but none of the magnitude of the one last night, which was worthy of a half century celebration of the old pioneer lodge.

Masons were present from all parts of Leavenworth and adjoining counties and some from other states. Some of the members of Nine Mile who have moved far away came back for the celebration and to affiliate with their old friends once again. It was in the nature of a reunion of the members of Nine Mile.

SPELL DOWN BUSINESS MEN.

Sylvia Students Disprove Charge That They Were Deficient in Spelling.

Sylvia, Kan., Oct. 19.—In an old-fashioned spelling match, held in the high school assembly room, twenty-eight high school students downed twenty-eight business men, thus settling the shrewd talk they had heard to the effect that high school boys and girls cannot spell.

A list of commonly misspelled words had been procured from the State university, and a regulation speller was also used. Superintendent Kantz pronounced the words, Robert E. Lee, principal of the grades, refereeing for the business men, and Golden Smith, principal of the high school, for the students. Interest grew to suspense when Doctor Tankle stood alone against six high school students, who finally spelled him down.

MAY INSTALL WHITE WAY.

Hiawatha Council Ready to Do Work if Merchants Are Willing.

Hiawatha, Kan., Oct. 19.—There is a probability that before another year the business street of Hiawatha will have modern lights instead of the one light poles we now have. Ornamental poles with three or five light clusters will replace the old one light affair if the business men are ready for the change. It is understood that the city commissioners are ready to install the cluster of lights if the business men will pay for the poles.

TURN TO KANSAS FOR GRAIN.

Nine Carloads of Wheat Shipped to Minnesota From Leavenworth.

Leavenworth, Kan., Oct. 19.—Nine carloads of Kansas wheat, most of it raised in Leavenworth county, were shipped out of here over the Union Pacific for Minneapolis, Minn., to supply the people of the northwest with better flour than can be made from northern grown grain.

While Minnesota and the Dakotas laid themselves out for the vast amount of wheat they produce, and claim the leadership of the world in making it into flour, they turn to the fields of Kansas to supply their own tables.

TEACHERS TO DODGE CITY.

Convention of Southwest Kansas Association To Be Held Next Month.

Dodge City, Kan., Oct. 19.—Three hundred teachers are expected in Dodge for the annual meeting of the Southwest Kansas Teachers' association, November 2 and 3. The association embraces the counties southwest of Pawnee county. Programs will be given during the sessions. One feature of the entertainment will be a banquet, November 2.

SCHOOL IN NEW BUILDING.

Cherokee County High Occupied but Not Quite Finished.

Columbus, Kan., Oct. 19.—After being homeless for the past eight months, the faculty members and students of the Cherokee county high school find themselves back at Maple street and High School avenue, in a

COLLYER IN RACE

Prosperity of Town Shown by
Number of Autos.

Trego County Raised Big
Wheat Crop This Year.

Collyer, Kan., Oct. 19.—One of the prosperity items for town and county is the interest farmers and townspeople have shown in the baseball games here, coming in motor cars for long distances to witness the contests. The town has a population of 200 and more than half that number of automobiles have been seen here at one time.

Collyer has a graded school with three teachers. The principal public need of the town is a hotel.

The Collyer state bank was organized in 1908. The deposits at this time aggregate \$255,000. James Walsh is president, R. J. Tague, vice president, and Charles Downie is cashier. The bank has paid a 19 per cent dividend ever since its organization.

Collyer is broadening out. A new addition of 15 acres has been laid out and several new residences have been built this year, besides the new Catholic school which cost \$8,000 and will employ four teachers. J. M. Zeman is doubling the business. He has a house, giving it a fifty-foot front. The entire building is occupied by the Farmers Cooperative association.

Great Wheat Center.

Collyer has two elevators, besides two track buyers. It is the center of a great Trego county wheat growing section. One of the big wheat growers of this vicinity is J. M. Zeman. He raised this year more than 15,000 bushels. All of the farmers are thru with their fall sowing and much of the wheat is up and looking fine. Some of the big wheat growers in this section are Herman Ehrich, E. A. Wilds, Adam Zeigler, John Zeigler, John Weinback, Frank Miller and Peter Shearer.

The people of Collyer and vicinity have enough pride to improve the roads. The Golden Belt line runs thru Collyer township 12 miles and the road is graded. The other highways in the township are also taken care of. In this township eight concrete bridges have been built.

There are several cattle feeders in this section of the county, who will feed this winter from one to five carloads of cattle. Trego, Wakeeney, Collyer and Ogallah must be reckoned with in the growth and development of northwestern Kansas.

SCHOOL IN NEW BUILDING.

Cherokee County High Occupied but Not Quite Finished.

Columbus, Kan., Oct. 19.—After being homeless for the past eight months, the faculty members and students of the Cherokee county high school find themselves back at Maple street and High School avenue, in a

brand new building. And to say that both teachers and students are happy is putting it mildly. The building isn't entirely completed but it beats being scattered about in half a dozen churches.

The date of the "housewarming," an evening when the public will be invited to visit and inspect the new building, will be set soon.

REMOVED SITE OF NEW TOWN.
Owner of Land First Selected Wanted 'Too Much for Lots.

Salina, Kan., Oct. 19.—Because of the prices the owner of the townsite of Keystone, a thriving village in Logan county, placed on town lots, the residents of the village and officers of the Scott City Northern railway decided to move the town.

A new townsite, two miles northwest of the present village, was quietly purchased and the city began its move overland. The station, sidetracks and shipping docks of the railway already have been moved and business houses on moving trucks are on the way to the new site.

RECEIVED GASOLINE BATH.

Meade Man Was Pinned Under Automobile for Nearly an Hour.

Meade, Kan., Oct. 19.—A. J. Byrns had rather an unpleasant mixup with his Ford while on his way up to his work on a school house south of Meade. Somewhere near George Berger's place the car was overturned, and Mr. Byrns was caught beneath it. Here he was compelled to remain for nearly an hour, when he was released by occupants of a passing car.

His stay beneath the Ford was made more unpleasant by a thorough soaking with the entire contents of the gasoline tank. No bones were broken, and aside from being a little stiff, he is able to be about.

OUTNUMBER FARMERS

More Lawyers Out of Kansas State Senate This Year.

Altho Kansas is primarily an agricultural state, there are more attorneys who are candidates for the state senate than there are farmers, according to figures compiled today at the state house. There are eighty-six Republican, Democrat and Socialist candidates and the pursuits of sixty-six of this number were determined.

There are nineteen attorneys seeking office and eighteen farmers. The demand for business men in the state senate could only induce seven bankers, three merchants, one real estate man, one broker, one grain man and three druggists to get into the race. The total number of business men candidates for the senate is only sixteen against nineteen attorneys and eighteen farmers.

There is one poet with political ambitions, one preacher, one sheriff, six newspaper men, one milliner, and three physicians.

POLK MAKES DENIAL

Acting Secretary Says Lusitania Note Has Not Been Accepted.

Washington, Oct. 19.—The last German memorandum to this government, proposing certain terms for the settlement of the Lusitania sinking, has not been accepted by the United States. Acting Secretary of State Polk formally announced today. Polk made this announcement because of published reports that the memorandum had been accepted and would be used as a basis for a final settlement. These reports stated that the Germans reiterated their contention that the torpedoing of the Lusitania was justifiable, but admitted the loss of American lives was unjustifiable and expressed regret and promised financial reparation.

"The note has not been accepted," said Polk, "and it will not be made public. Stories that it has been accepted and would be published were printed for partisan purposes. The state department is not going to be drawn into a discussion at this time."

PAPER STILL CLIMBING

News Print Stock in 1917 50 Per Cent Higher Than Now.

New York, Oct. 19.—News print paper for 1917 will be at least 50 per cent higher in price than it is today, according to an official of the International Paper company.

Altho the company has not yet taken a single contract for delivery next year and is not expected to announce its 1917 prices until November 1, this official stated that news print paper would be advanced at least 1 cent a pound to three-quarters of a cent a pound delivered. This increase is equivalent to \$20 a ton over 1916 prices.

Inquiries for 1917 business are pouring in on the company, but before accepting any, the company is waiting to see what conditions develop by the end of the month.

FAMILY LOAF, 8 CENTS

Raise Bread Price Another Cent Due to Rise in Wheat.

Cleveland, O., Oct. 19.—Immediately following the sudden rise in wheat prices bakers slapped another cent on the price of bread. The family loaf now costs 8 cents.

Nujol For Constipation

TOO MUCH HURRY DOES IT

Are you a typical American—hurrying and worrying yourself into sickness, and then trying to hurry out—via the pill route?

Laxative and cathartic pills won't rid you of constipation. Your physician will tell you not to use them because, by weakening the normal processes of evacuation, they frequently make constipation chronic.

Nujol offers you a surer, more rational relief from bowel trouble.

It relieves constipation by softening the intestinal contents. It does not bring about the harmful stimulation and reaction which follow the use of the ordinary drug remedies.

All druggists carry Nujol which is manufactured only by the Standard Oil Company (New Jersey). Avoid substitutes. Write today for booklet "The Rational Treatment of Constipation."

STANDARD OIL COMPANY

In over a million homes they know

'At some time every woman has had her coffee problem—"bad coffee, medium coffee, coffee that was never twice the same."

A million women have solved the problem by serving Arbuckles'. Get a package of Arbuckles' Coffee today and see why.

Everyone likes it. Morning after morning a million men praise it for its fine, full flavor. Women depend on it. In all these homes, it helps make breakfast a complete success.

Read what a few of these women say:

"I recommend Arbuckles' Coffee to my friends. I buy it all the time because it is better coffee."—Miss B., Mercer, Ky.

"I use Arbuckles' because it is stronger than 35c coffee, and Arbuckles' packages are full 16 oz."—Mrs. V., Coldwater, Kans.

"I have been using Arbuckles' Coffee for years. I think it is the only coffee fit to drink."—Mrs. A. C. W., Lay, Colo.

"We have used Arbuckles' Coffee for ten years, and have not yet found its superior or equal."—Miss H., Bessemer, Ala.

"The finest cup of coffee I ever tasted!"

Like these million other women you can have your husband say this. Isn't that satisfaction worth a little time and effort—wouldn't it be worth while even to make a special trip to the grocery store for a package of that fresh, full flavored coffee a million other men are enjoying?

Have it tomorrow. He will praise it morning after morning. When you serve Arbuckles' you will know why it has solved the coffee problem in over a million homes.

There are hundreds of varieties of coffee grown. To get the result you want, the coffee itself must be right. Arbuckles' Coffee is. It is put up by Arbuckle Bros., the greatest coffee merchants in the world. They can give you greater value in coffee than anyone else. No wonder Arbuckles' is the most popular coffee in America today!
